# eHealth Innovation Days 2017

## INTERNATIONAL CONFERENCE

The 2nd eHealth Innovation Days will gather the different professionals and stakeholders concerned with eHealth: developers, healthcare professionals, researchers, policy makers, citizens as well as companies and entrepreneurs are welcome.

The floor is open to generate innovative ideas, discuss the current developments in eHealth and initiate new projects and partnerships.

- Key Topics:**
- eHealth in the Baltic Sea Region
  - Innovative projects and companies
  - How to teach eHealth
  - Consumer-centered eHealth services
  - User involvement and usability
