

International Summer School at Xamk

Come and join the International Summer School at the South-Eastern Finland University of Applied Sciences (Xamk)

Xamk provides summer courses in English on Kouvola and Mikkeli campuses between June 1–August 28, 2020. You can choose one course, several courses or spend the whole summer studying at Xamk. Courses are mainly taught by visiting professors from Xamk's partner institutions. During the summer studies Kouvola and Mikkeli will become home to many international students from around the world.

The courses are free of charge to students applying from Xamk's partner institutions. Otherwise there is a fee of 12 € / ECTS credit.

You will also be able to enjoy the wide variety of free-time activities like cooking afternoons, hiking, amusement park, cruise on the lake, trips to cities nearby and last but not least sauna and swimming. In addition, you have excellent possibilities to explore the region of South-Eastern Finland on your own.

Kouvola and Mikkeli are situated in South-East Finland and are surrounded by lakes and forests. Both towns' location makes it easy to visit cities nearby and also Finland's neighbouring countries such as Sweden, Estonia and Russia.

Detailed information about the courses and general information about Summer School is available at
› www.xamk.fi/en/education/summer-term/

You can enroll for the courses at
› www.lyyti.fi/reg/Xamk_Summer_Term_3958
between March 1–31, 2020.
