

**Master-study program**  
**Applied Biotechnology and  
Food Science**

**Elective courses**  
**Offering SoSe 26**

Excerpt from the examination and study regulations dated 16th July 2025 (translated):

§ 6: Elective Courses: The binding elective modules offered as well as their respective form of assessment will be updated each semester and published in a suitable manner. Students may take binding electives adding up to a total of CPs as they choose. To complete a binding elective, the assessment defined for it, must be completed successfully. Students must complete the total amount of CPs required from binding electives in the course of their studies.

Excerpt from the Examination procedure regulations dated 24th March 2017 (translated):

§ 3: In addition to the compulsory and required elective modules, students can choose additional modules from the entire range of courses offered by Flensburg University of Applied Sciences.
